SUMMARY OF THE FURTHER AMENDMENTS TO H.R. 1628 CONSIDERED AS ADOPTED

1. Palmer (AL), Schweikert (AZ): Creates a \$15 billion risk sharing program to help states lower premiums for health coverage offered in the individual market.

2. MacArthur (NJ): Allows states to waive essential health benefits, age rating, and community rating. Health insurers would not be allowed to deny coverage, discriminate based on gender or limit access based on preexisting conditions. States must explain how the waiver will reduce average premiums for patients, increase enrollment for residents, stabilize the state's health insurance market, stabilize premiums for individuals living with preexisting conditions, or increase patients' health care plan options.

3. Upton (MI), Long (MO), Young, David (IA), Valadao (CA), Knight (CA), Denham (CA), McMorris Rodgers (WA), McSally (AZ): Increases the Patient and State Stability Fund by \$8 billion from 2018 to 2023 to States with an approved community rating waiver,

as established by the MacArthur Amendment, for providing assistance to reduce premiums or other out-of-pocket costs to individuals who may be subject to an increase in their monthly premium rates as a result of the States waiver. The amendment also resolves two minor technical drafting amendments, including the correction of an inaccurate cross-reference and to ensure proper labeling of subsections.
